

**NOTICE OF A CITIZENS' INFORMATIONAL WORKSHOP  
FOR IMPROVING SAFETY AND TRAFFIC FLOW AT THE INTERSECTION OF U.S.  
220 AND ELLISBORO ROAD (STATE ROAD 1110) IN MADISON**

TIP No. W-5142

WBS No. 45266.1.1

Rockingham County

The North Carolina Department of Transportation (NCDOT) will conduct a citizens' informational workshop on Wednesday, May 16, 2012, from 4:30-6:30 p.m. at the Madison Town Hall, located at 120 North Market Street.

The purpose of this meeting is for NCDOT representatives to provide information, and answer questions regarding this project. Interested citizens may attend at any time during the above mentioned hours and will have the opportunity to submit written comments. There will not be a formal presentation.

NCDOT proposes to make safety improvements at the intersection of U.S. 220 and Ellisboro Road (State Road 1110) in Madison. This project will extend the existing northbound left-turn lane on U.S. 220. Left turn movement onto U.S. 220 from Ellisboro Road will be prohibited. The construction of a U-turn at the first median opening south of Ellisboro Road about 3,200 feet from the intersection will allow northbound turns onto U.S. 220 and allow traffic to flow smoother through the area. Right-of-way acquisition will not be required for this project.

Anyone desiring additional information may contact NCDOT Division 7 Design Construction Engineer Chris Smitherman by phone at (336) 256-0553, via fax at (336)-334-3637 or by email at [csmitherman@ncdot.gov](mailto:csmitherman@ncdot.gov).

NCDOT will provide auxiliary aids and services under the Americans with Disabilities Act for disabled persons who want to participate in this meeting. Anyone requiring special services should contact NCDOT Senior Public Involvement Officer Kimberly Hinton at (919) 707-6072 or by email at [khinton@ncdot.gov](mailto:khinton@ncdot.gov) as early as possible so that arrangements can be made.
